

HERE ARE THE DIVISIONAL AND DEPARTMENTAL HEADS in the Y-12 Mechanical Operations Division that carry out the program of Division Superintendent Jack M. Case to stress the need of safe operations in every activity of the group. From left around the table are Ernie Watkins, John Gordon, John Harding, Joe Williams, Superintendent Case, Clarence Johnson, Safety Department; Claude Hensley, F. V. Tilson, Henry Specht and Hank Stoner.

They Had A Ball!!!

Mabel Tyer, T. A. Williams Describe European Tour

Sistine Chapel Ceiling Mural, Heidelberg, Alps, Sidewalk Cafes Prove Impressing

"I really had a ball!" That was the comment of T. A. Williams, Timekeeping Department, on being quizzed by many Y-12ers after his return last week from the three-week Friendship Tour of Europe.

The remarks of Miss Mabel Tyer, secretary to Development Division Superintendent W. K. Whitson, Jr., who also made the trip via plane and bus to many interesting places in "the old country" were more subdued. However, her enthusiasm over her experiences were just as sincere—and there is no doubt that the Y-12ers had "the time of their lives" and thoroughly enjoyed every minute of the tour.

She Buys Music Box

Neither Y-12er stayed in Switzerland long enough to learn how to yodel—but Miss Tyer said she did the next best thing:

"I bought a Swiss music box with a yodeling theme in Lucerne and I hope to learn later."

One of the high spots of the tour to Miss Tyer was her visit to the famed Sistine Chapel in Vatican City with its historic ceiling mural by the great Italian artist Michelangelo Buonarroti. The grandeur of the Alps, the gondolas of Venice with the theme song "O Sole Mio" and the multitude of sidewalk cafes also greatly impressed her.

"Paris? C'est la vive."

Canadian Atomic Energy Man To Address Seminar

D. A. Bromley, of the Atomic Energy of Canada, Ltd., at Chalk River, will speak at the physics seminar of the Physics Division of the Oak Ridge National Laboratory on Friday afternoon of this week, August 21. The meeting will be at 3:15 p.m. in the auditorium of Bldg. 4500, ORNL. The seminar discussion subject will be "Research With The Tandem Accelerator." Y-12ers interested in the topic are invited to attend.

Williams Liked Heidelberg

With a wide grin of pleasant remembrance, Williams didn't hesitate in citing the pinnacle of the trip in his mind.

"Heidelberg, that's the place." While in Italy Williams made a short and hurried side trip from Rome to Naples to see an uncle and his father's sister. The uncle met him in Rome and escorted him on three-hour train ride to Naples.

The uncle didn't speak English—and Williams not a word of Italian. The impasse was solved when a fellow-traveler, a woman from California who spoke English and German; and a German priest who spoke German and Italian, interceded between the Y-12er and his relative and relayed their conversations.

Pending developing and printing of several rolls of films, it is not possible for The Bulletin to publish any pictures this week made by the Y-12ers—but it is hoped that in the near future this can be done.

Cotton Still Is King In U. S. Textile Industry

Even in this day of synthetics, cotton still constitutes two-thirds by weight of all textile fibres consumed, a new report by the 20th Century Fund notes.

One of the oldest of the large American industries, dating from about 1790, the cotton industry in recent years has gradually been merging into a more broadly defined "textile" industry. Not only are cotton and synthetic cloth now being produced by the same company in different mills and sometimes alternately in the same mill as prices may dictate, but finished goods consist more and more of blends of cotton and synthetics.

The industry once was centered in New England, but nearly 90 per cent of the active spindles in the country now are in the South-eastern States.

MAINSPRINGS in the Mechanical Operations Division's fine safety performance are Superintendent Jack M. Case, center; and two of his divisional heads, F. V. Tilson, left, and Hank Stoner.

Playhouse Invites Y-12ers To Try Out For First Play

General tryouts for the first play of the 1959-1960 season by the Oak Ridge Community Playhouse, "Life With Father," will be held by Playhouse Director Paul Ebert at the Jackson Square Playhouse this week end. The tryouts will be at 8 o'clock tomorrow night, Thursday, August 20; and Friday, August 21 and on Sunday, August 23, at 2 p.m. and 8 p.m.

Y-12ers wanting to try out for roles in the comedy are urged to report for the sessions. Persons of all ages are needed for parts in the cast and anyone wanting further information about the tryouts may obtain it from Director Ebert at Oak Ridge telephones 5-6193 or 5-1224.

In addition to "Life With Father," the Playhouse schedule this season calls for presentation of "Hotel Paradiso," "Death Of A Salesman," "Medea" and "No Time For Sergeants."

BUNN NAMED TRUSTEE

Howard S. Bunn, President of Union Carbide Corporation, is one of 32 new trustees named to the Committee for Economic Development.

PLASTICS PROMOTES BOEHM

Adolph A. Boehm, works manager for the Union Carbide Plastics Company since 1957, has been appointed vice president-production. He joined UCC in 1936.

Mechanical Operations Division Big Boost To Y-12 Safety Record

Group Works 6,424,553 Accident-Free Hours; Need Of Carefulness Stressed At Meetings

Y-12ers and other safety-minded Union Carbide Nuclear Company employees in the Y-12 Plant have for years been proud of the outstanding accident-prevention record of the plant—and one of the most substantial contributions to the fine mark has been made by the Mechanical Operations Division. In this division are performed many varied operations that could, without conscientious and meticulous observance of all safety rules and procedures and utilizing all safety equipment provided for protection of employees, bring serious injuries to an accident victim.

It has been nearly three years since a disabling injury has been recorded in the Mechanical Operations Division. The last such accident was on September 26, 1956. Since that time—according to figures compiled by the Safety Department on August 10—the division has operated for 6,425,553 man-hours over a period of 1,046 days without a lost time accident!

This splendid record is a tribute to the intensive safety training given every Mechanical Operations Division employee in Y-12. Superintendent Jack M. Case is one of the Y-12 Plant's most ardent supporters of the plant safety program, and has instilled in his divisional and department heads the advantages—and necessity—of having all divisional activities performed in the safest manner possible.

Safety Stressed At All Levels

These objectives are reached through holding of frequent safety meetings at all levels within the division—attended by all employees from Division Superintendent Case on down the line. At these meetings not only all the principles of safe operations are discussed, including the proper use of protective equipment, but latest working techniques also are reviewed with the aim of developing safety precautions to combat any possible hazards that might develop.

That these meetings are successful, well attended and dispense valuable information on matters of safety that are absorbed by all divisional employees, is demonstrated by the record.

Ohio Firm Record Cited

Just about one year ago the trade magazine, Flow, reported the best safety record in a commercial plant with comparable work in hot and cold metals such as is performed by the Y-12 Mechanical Operations Division was a mark of 3,400,000 hours of operations without a disabling injury by the American Welding and Manufacturing Co., of Warren, Ohio.

That firm, rated as a "medium" Continued on Page 4

PROUDLY DISPLAYING their trophy and medals for finishing third in a field of 20 teams in the American Roller Skating Championships held recently in Boston, Mass., are Jack Greer, son of Y-12 Fire Department Capt. E. F. Greer, and his partner, Miss Linda Jo Baker, Atlanta, Ga. They finished fourth in the 1958 competition in Cleveland, Ohio.

Greer, Partner Third In Meet

Y-12er's Son Rates High In Skate Dancing

Finishing third in a field of 20 teams in the American Senior Roller Skating Dance championship held in Boston, Mass., recently was Jack Greer, son of Capt. E. F. Greer, of the Y-12 Fire Department, and his pretty partner, Miss Linda Jo Baker, of Atlanta, Ga. The dance competition was held in connection with the American Skating Championships, which drew a total of 1,229 entries.

Placed Fourth Last Year

The dance competition this year saw Jack Greer and Miss Baker step up one notch in the finish order, as last year they placed fourth in the contests in Cleveland. Continued on Page 4

Miss Patsy Lynn Voiles

VOILES—ALLEN

Saturday, August 22, has been selected as the wedding date for Miss Patsy Lynn Voiles and William Glen Allen, Jr., both of Lenoir City. The bride-elect is the daughter of H. Y. Voiles of the Y-12 Buildings and Grounds Department, and Mrs. Voiles. Parents of the groom are Mr. and Mrs. William Glen Allen, Sr.

The wedding will be at 6:30 p.m. at the First Baptist Church of Lenoir City.

Miss Voiles attended the Draughon Business College in Knoxville. She now is with the Visking Company at Loudon. The groom-to-be attended Lincoln Memorial University and now is with the University of Tennessee post office.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

15 YEARS

Glen Stones, Janitors, August 19.
Virmon W. Arms, Sr., Research Services, August 21.
Solomon T. Buress, Buildings and Grounds, August 21.
Edward K. DeLong, Research Services, August 21.
Willie Gibson, Janitors, August 22.
Theodore P. Sprague, Development Operations, August 22.
Taylor L. McCreary, Research Services, August 22.
Willie J. Wiggins, Utilities, August 24.
J. R. McIngrum, Enriched Uranium Recovery, August 24.
George B. Lockhart, Special Projects, August 24.
Lee R. Bailey, Utilities, August 25.
Burwell B. Bell, Jr., Engineering Division, August 25.

10 YEARS

Howard A. Price, Production Control, August 22.

JAGO—McGINNIS

Solemnized at 5:30 o'clock Sunday afternoon, August 9, was the marriage of Miss Nell Christine McGinnis, of the Y-12 Quality Control Department; and Robert Anthony Jago, of Electrical Engineering. The ceremony was performed at the home of the groom's parents, 347 Vermont Ave., Oak Ridge, by the Rev. W. C. Summar, pastor of the Robertsville Baptist Church, Oak Ridge.

The bride is the daughter of Mr. and Mrs. H. H. McGinnis, Route No. 1, Lenoir City. Parents of the groom are Mr. and Mrs. A. P. Jago.

Miss Jo Ann Osborne, of Stores, was maid of honor. She wore a blue street-length dress of cotton silk.

Serving as best man was Lee Hollingsworth, of Oak Ridge.

A reception was held at the home of the groom's parents after the ceremony.

The bride attended Loudon High School. The groom graduated from Oak Ridge High School and served four years in the United States Navy.

The couple is at home on South Dogwood Lane, Route No. 1, Powell.

WHEELER—KOSTAL

Miss Diane Kostal became the bride of Thomas Lay Wheeler, of the Y-12 Forming Department, at the First Baptist Church, Oak Ridge, on Friday, June 26. The ceremony was performed by Dr. Edward Galloway, pastor of the First Baptist Church.

The bride is the daughter of Mr. and Mrs. Anthony Kostal, 108 Pembroke Road, Oak Ridge. The groom is the son of Mr. and Mrs. Joseph Wheeler, 529 Outer Drive, Oak Ridge.

Nuptial music was provided by Mrs. Frank Ingle, vocalist, accompanied by Mrs. Gerald Johnson.

Mrs. Jody Fawbush, cousin of the bride, was matron of honor. Bridesmaids were Misses Jean Wheeler, Eloise Livesay and Marian McGill, all of Oak Ridge.

Following the ceremony, a reception was held at the church. Mrs. George Stubbs and Mrs. Richard catered for the reception, assisted by Mrs. William Justice, aunt of the bride; Misses Sylvia Boles, Jo Ann Cavosie and Judy Schultz.

Dale Allstun, of Kingston, served as best man. Ushers were Landon Attkisson, Keith Myers and Bob Barker.

ROGERS—SPRAY

Now at home in the Silbey Apartments, Griffin, Ga., are Mr. and Mrs. Augustus Claudius Rogers, following their wedding at 3:30 o'clock Sunday afternoon, August 2, at the First Christian Church, Oak Ridge. The officiating minister was the Rev. Alvin Amos, pastor of the church.

The bride is the former Miss Carolyn Lee Spray, daughter of Mr. and Mrs. J. L. Spray, of Oak Ridge. The bride's father is with the Research Services Department of the Y-12 Plant. The groom is the son of Mrs. Bertha Rogers of Doraville, Ga. The groom now lives in Griffin, Ga.

The bride's gown was of ballerina length lace tulle. The sabrina neck and upper bodice was of Chantilly lace embroidered with iridescent sequins enhancing the short sleeves. The torso bodice was set in scallops fashioned with a bouffant skirt. Her veil of illusion was held by a half cap of miniature orange blossoms and pearls.

Miss Sue Phillipi, of Oak Ridge, was maid of honor.

O. B. Turner, of Griffin, uncle of the groom, served as best man. Ushers were Joseph Stewart, of Knoxville; Ray Daniels, Griffin; Jon Simons and Alon Stagg, both of Oak Ridge.

The groom received a B.S. De-

Mr. and Mrs. Robert A. Jago

Mr. and Mrs. T. L. Wheeler

Mr. and Mrs. Augustus C. Rogers

gree in textile engineering from the Georgia Institute of Technology in the class of 1959. He was a member of the Delta Kappa Phi textile fraternity and gained recognition as a distinguished military student. He was commissioned as a second lieutenant in the United States Army Ordnance Corps on July 31. He presently is with the Dundee Mills in Griffin but will begin active Army service in February. He is a member of the Baptist Church and Masonic Order in Griffin.

Following the wedding, the couple took a honeymoon trip to Florida.

SEAGLE—PIERCE

A daughter and a son of Y-12 employees were married on June 29 at Lafayette, Ga., when Miss Carolyn Sue Pierce and Ronnie Eugene Seagle exchanged marriage vows. The bride is the daughter of Arthur A. Pierce, of the Guard Department, and Mrs. Pierce, of Roaming Road, Knox County. Parents of the groom are James P. Seagle, of the Enriched Uranium Recovery Department,

Oh boy, oh boy—the Colyum's mail box last week really sizzled with postal cards. First there was a color picture of a bee-you-tiful gal from Nice, France—with the most gorgeous eyes—from one of Y-12's Friendship Tourists. Then Gus Angele, the periodical purveyor of items from Civil and Architectural Engineering, dispatched a novelty card from one of his Chesapeake Bay vacation hideaways and seafood sources with a motto(?) saying "Accuracy is our watchword — we never make mistakes."

SHIFT SUPERINTENDENTS AND UTILITIES

Myrtle Beach, S.C., drew H. N. Benninghoff, of the SS group, for his vacation . . . Ken Bernander stayed at home building a fence—whether to retain or detain was not announced . . . The Jones, Jean, of Y-12; and Gordon, Oak Ridge Gaseous Diffusion Plant, entertained Gordon's brother over the past week end.

Quite a sports fan is P. L. Beeler, Utilities. He attended the Knox County-City all-star football game and then some drag racing at the Oak Ridge motor track . . . J. H. Thomas also saw some automobile races over the week end . . . C. D. Langley is welcomed back after a spell of the miseries . . . Get well wishes are rushed to J. H. Humphreys . . . D. Stevens was a camper-outer at Cumberland Falls, Ky., over the week end . . . N. M. Standridge is vacationing in Alabama and J. D. Barnette is doing likewise in Mississippi . . . Home vacationers are C. E. Welch and W. J. Wiggins. . . Rapid recovery wishes go both to the father and sister of O. F. Jordan—the former is in a Louisville, Ky., hospital and the Y-12er has gone there to be with him; and the latter is in Baptist Hospital in Knoxville . . . J. D. Tolliver spent his long week end at Copperhill, Tenn.

CHEMICAL OPERATIONS

Beta Two probably will have a tough time finding O. E. Hatmaker and family this week during their vacation—he said no definite plans have been made but if the right mood strikes them they will just pack up and go someplace, but if it doesn't they will just stay at home. It's just that simple . . . The A. B. Campbell family are staying at home with some fishing forays in the offing . . . The B. J.

Key family also are stay-at-homers . . . Charley Frazier and his missus also are staying at home and working in their rose garden. . . C. V. Copeland and folks vacationed by touring through Virginia to Washington, D.C.

While in Washington, D. C., visiting friends, John Ellison, Collex Operations, offered to lend the G.O.P. some assistance in the next political campaign (with tongue in cheek, one and all may wager, as John is a dyed-in-the-wool Democrat) . . . Charlie Mills recently motored up Kaintuck way for a reunion with a wartime buddy . . . John Llewellyn is a wise old owl—he enjoyed the comforts of an air-conditioned motel in Gatlinburg while his son camped out "on top of Old Smoky" . . . M. R. McKenzie week ended with friends in Chattanooga.

ENGINEERING

This youngster getting maximum mileage out of his six-month birthday cake is Gary Steven Waldron, the pride and joy grandson of W. E. Gary, of Project Engineering. Parents of the bouncing boy are Jimmy Waldron and Laura Gary Waldron. Their home is over near Nashville, Tenn.

Mechanical Engineering folks have been smoking cigars and chomping on chocolates in observance of the happy arrival of the long-legged bird at the home of Lillian and D. H. Higgins—Lil is a former ME and did things up right by personally sending the smokes and candy. The addition to the Higgins horde was a fine six-pound, 14-ounce boy, promptly named D. H., Jr. . . . The Wilbur Allins observed their eighth wedding anniversary this week and did it up in style by dining out twice with well-wishing friends . . . The newest ME is Joe L. Howell, a Knoxvillean . . . The group is glad to have Russ Hensley back after being out with a lengthy illness and major surgery . . . Tom Harris is sailing over the bounding main for two weeks on his annual USNR training cruise . . . Phil Shelley is back from an exciting trip that took him and the spouse through the Old West to see the Petrified Forest, Painted Desert, Grand Canyon, Las Vegas, (from where he brought back three silver dollars), Hoover Dam, Los Angeles, Hollywood, Disneyland, San Francisco and Santa Barbara — then made it back to Oak Ridge from the Pacific Coast in three days flat . . . Tom Keane is vacationing this week at his new home site, doing a little sidewalk superintending . . . Nora Hurst reports wedding bells at her home this week when her daughter, Anna Bradford, was married to John Czubeck and left for Wilkes Barre, Pa., where they will live.

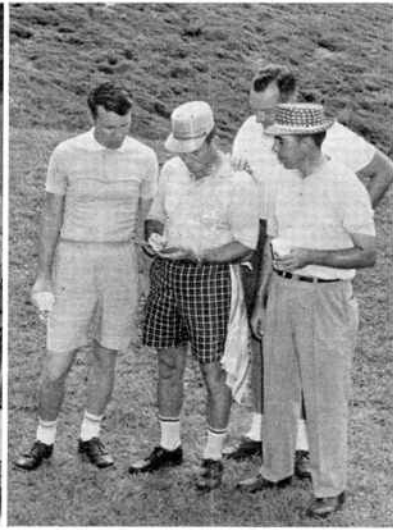

MECHANICAL OPERATIONS

Production Control is happy to have Ronnie Taylor assigned to the gang as a substitute for Jerry Houser, who is doing a nine-week stretch of military training for Uncle Sam . . . Tom Adkins is putting in a couple of weeks of similar training at Ft. Bragg, N.C. . . . The department also warmly welcomed Don Lanham, from the TW Shop, who exchanged places with Dan Morgan, whose sunny disposition will be missed . . . Vacationers include C. L. Matthews, spending a couple of weeks at his cottage at Elkmont in the Smokies . . . Greta Lualien is at home in Clinton . . . Harold Babb spent his time at home in Oak Ridge, as did Ray McGinnis . . .

Continued on Page 4

AWAITING THEIR STARTING SIGNALS at the Gatlinburg Golf and Country Club, scene of a recent Y-12 Plant golf tournament are these Y-12ers in the picture at left. From left are C. R. McGinnis, U. M. Oxford, Hill Henry, Eddie Webster, Carl Redding and Merle Emery. The foursome in the picture at right are figuring their scores after one hole. From left are J. E. Bartholomew, John Boyd, George Oliphant and J. P. Smith.

Wylie Defeats Dorr By Seven Strokes In Y-12 Golf Tourney At Morristown

70 Entrants Turn Out To Compete In Fifth And Final Plant Links Event Of Season

George Wylie pulled a mild surprise over at the Morristown Country Club tournament for Y-12ers last Saturday by turning in a scratch 75 to defeat Carl Dorr, 1958 All-Carbide champion, by seven strokes for the First Division title. It was the fifth and final plant tournament for Y-12 golfers. A total of 70 players participated.

Frank Kennedy and Newt Hamby tied at 87 for third and fourth low scratch scores. In handicap scoring it was Al Gillen 72, George Oliphant 74, B. M. Burrus 76 and J. C. Bowles 77. A. L. Sawyer had 10 pars and Joe Pryson and D. F. Leach nine each.

In the Second Division Rod Murtaugh led scratch scorers with 82. J. E. Phillips with 92, H. R. Butler 94 and C. C. Hopkins 96 rounded out the top four. John Snyder, J. P. Smith and C. C. Morgan tied at 75 for the first three low handicap scores. S. D. Peters was fourth with 80. Eddie Pluhar, Sr., with six and C. C. Jenkins with four had the most pars.

Dick Dehoney topped the Third Division scratch tallying with 89. Then came George Heins and Clyde Hudson tied at 93 and W. C. Hoppe and Tom Adkins deadlocked at 98. In handicap scoring it was W. E. Belvin at 72, W. C. Collins and Ed Owings tied at 76 and J. E. McNabb with 78. Joe Miller had six and L. C. Watson and Merle Emery three each for most pars.

Kenneth Pluhar's 99 was low scratch in the Fourth Division. A. P. Bass and Paul Trebilcox tied at 108 and L. T. Hardin posted 120. Jay Fielden led handicap scorers with 74, followed by W. A. Rutherford 86 and Ernest Stinnett and H. C. Norris at 91 each. R. J. Easterday and P. C. Dabbs III each had two pars.

Carbide Tourney Deadline Stressed

All Entries Required By Noon, September 1

With Recreation Departments of Y-12, Oak Ridge Gaseous Diffusion Plant and Oak Ridge National Laboratory receiving an increasingly larger number of entries each day, the annual All-Carbide Golf Tournament set for next month is expected to draw a record number of contestants. In last year's All Carbide event, there were 176 competitors, 63 of whom were Y-12ers.

Just in case—Y-12ers intending to enter the classic are again reminded that the deadline for entering the tournament is Tuesday, September 1. When the books are closed at noon on that date, the recreation supervisors of the three Carbide facilities in Oak Ridge will get together for the always tedious job of dividing the entrants into flights and arranging a schedule for the event.

Entry blanks for the All-Carbide may be obtained at the Y-12 Recreation Office, Room 265, Bldg. 9704-2, plant phone 7100. Any desired information on the tournament may be obtained by communicating with this office. The entry blanks will not be printed in The Bulletin again prior to the tournament.

The first round of the tournament must be completed by September 13, the second by September 20 and the finals by September 28. Play will start immediately after the tournament schedule is completed.

Handicaps as of September 1 will be used to list the players according to flights. The entrants with the 16 lowest handicaps will be placed in the championship flight, which will have a consolation round. The other flights will have up to eight players each with no consolation round.

C And Bush Pin Loops Nearly Set

Following the second meeting of the C League of Y-12 Plant keglers last week, prospects were bright that the loop would open activities at the Ark Lanes August 31 with 12 teams ready to go. Al Fischer was elected president, C. C. Watson vice president and W. B. Tyree secretary for the season. Bowling time for the C League is 5:45 p.m. every Monday night.

Meanwhile the Bush League also perfected its organization and expects to begin bowling September 14 with 10 teams. Jack Forseman was reelected president, B. L. Hammer vice president and Jack Cox secretary. The circuit will perform at 8:15 p.m. every Monday night.

The Mixed League acquired the two more teams last week needed to round out its membership and will start proceedings on September 9 and will roll at 8 p.m. every Wednesday. The Classic League is all set to start on September 3 with 16 teams.

tion is operated by M. D. Varnadore, Y-12er in Buildings and Grounds, who is handling the forms as a convenience to Oak Ridge residents and fellow Y-12ers.

Y-12 Softball League Second Half Race Going Right Down To Wire For Decision

The Y-12 Plant Softball League race again is going right down to the wire in the second half of the season with the Reactors and Whiz Kids again battling it out for the crown. The Reactors won the first half of the season title. The season is slated to end next Monday night.

In last week's clashes the Reactors added two wins, beating the Atoms twice by 3 to 2 and 7 to 3. The Whiz Kids drew a forfeit from the Slow Pokes, then licked the Atoms by 8 to 0. The Atoms took it on the chin again with the Sportsmen taking a doubleheader by 13 to 9 and 12 to 5. The Whiz Kids and Slow Pokes postponed their game, which must be played this week.

The Whiz Kids must play the last two innings over of their win over the Atoms because of an allowed protest.

League standing as of Monday of this week follows:

Team	W	L
Reactors	5	1
Whiz Kids	4	1
Sportsmen	3	1
Atoms	1	6
Slow Pokes	0	4

Y-12 PIN LOOPS PROPOSED FOR KNOXVILLE, KINGSTON

The Y-12 Recreation Department has announced it will assist plant bowlers living in areas away from Oak Ridge in forming leagues, if they desire the service.

The offer applies to bowlers residing in the West Hills section of Knox County, also those living in West Haven, Cumberland Estates, Pleasant Ridge Park and other West Knoxville sections; and in Kingston. New bowling alleys have been erected in each of these sections this season to provide modern facilities.

Any individuals or groups wanting this type of assistance is urged to communicate with the Recreation Department, Room 265, Bldg. 9704-2, plant phone 7100.

Thomas-Crass Boost Harriman Loop Lead

Thomas-Crass poured a four-point whitewash on Willmarth-Warlick in the Harriman Golf League for Carbide players in that vicinity in the fourth matches of the third and final round of loop play. Tilley-Evans dropped one-half point back in second place by taking three and one-half points from Ellis-Anglin and Cuneo-Grimes inched up to third place by blanking Hoppe-Walker for four. Isham-Henck took three from Brown-Franzreb.

League standing follows:

Team	W	L
Thomas-Crass	14 1/2	1 1/2
Tilley-Evans	12	4
Cuneo-Grimes	11	5
Hoppe-Walker	7 1/2	8 1/2
Isham-Henck	6 1/2	9 1/2
Ellis-Anglin	6 1/2	9 1/2
Brown-Franzreb	5	11
Warlick-Willmarth	0	16

PLAY SAFE
Walk TOWARD the oncoming traffic—it might save your neck.

Christman Holds Tennis Loop Lead

Al Christman held his spot at the top of the Y-12 Men's Tennis League by adding a couple of victories to his string and remaining unbeaten. In most recent reported matches Christman beat Mike Laggis 6-1, 6-1 and then repelled an attempt by Charley Robinson, previous second place player, by 8-6, 6-1. Sam Campbell, the 1958 plant champion, took over second place with a pair of triumphs, beating W. L. Harper 6-1, 6-0 and John Perry 6-0, 6-1.

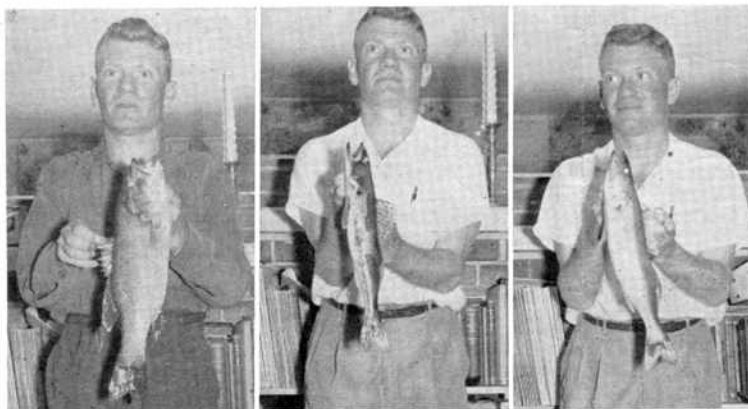

League standing follows:

Player	W	L
A. M. Christman	8	0
Sam Campbell	4	1
Charley Robinson	2	1
A. M. Stephens	2	1
Roy Kuhn	2	2
J. L. Disney	1	1
Mike Laggis	2	3
P. S. Rekmeyer	0	3
John Perry	0	4
W. L. Harper	0	6

Check others not properly displaying their badge.

"It's a boy—twenty-four pounds, and thirty-five inches long!"

ONE OF Y-12'S MOST AVID ANGLERS IS ROBERT P. GEORGE, Electrical Engineering. As the pictures above show he goes in for variety in species of finny victims to enter in the Y-12 Annual Fishing Contest. At left is a smallmouth bass hooked from Norris Lake. In the center is a sauger pike and at right a walleye pike, also caught from Norris. A Heddon Go Deeper lure brought in the bass while the sauger and walleye took night crawlers.

Hunt Applications Issued In Y-12

Quite a few Y-12ers are planning to take part in the deer, boar and bear hunts in state management wildlife areas this fall, as a number of applications for the hunts have been issued by the Y-12 Recreation Department. The forms still are available at the Recreation Office, Room 265, Bldg. 9704-2 and must be submitted to the Nashville office of the State Game and Fish Commission, Nashville, not later than September 1. Drawings for the hunts will be held Saturday, September 26.

The hunt application forms also may be obtained from the Jefferson Shell Service Station, Jefferson Ave. and Turnpike. This sta-

Order Of DeMolay Honors Young Son Of Y-12 Employee

David Gallups

The state conclave of the Order of DeMolay conferred one of the highest honors bestowed by the organization on the son of a Y-12er when the group held its annual meeting in Nashville early this month. David Gallups, whose father is H. H. Gallups, of the Sunflower Shop, has been designated a Representative DeMolay at the conclave.

He is the first Oak Ridge youth to receive the honor.

The Representative DeMolay honor is awarded to members of the order for their faithful work in the organization and loyalty to the ideals of clean living, thereby setting an example for other young men.

Young Gallups is a 1959 graduate of Oak Ridge High School.

Mech. Operations Big Boost To Safety

Continued from Page 1

size operation, had an average of 1,200 employees. That is roughly the number of employees in the Y-12 Mechanical Operations Division. No more recent comparable records have been cited.

Y-12ers Claim No World Record

Although the Y-12 Mechanical Operations Division is not claiming any world's record for its safety mark — it invites any commercial industrial firm in the world with similar operations—or any group in the Union Carbide Corporation—to compare figures.

Meanwhile, the Mechanical Operations Division hopes to continue its remarkable record in the field of safety and to show that a strong safety program can produce results in maintaining the good health and welfare of all its employees and increase the division efficiency through the absence of employees through disabling injuries.

That principle in safety always pays dividends.

ductor—of The Bulletin wants to issue thanks for the published tributes and the letters received from other plant publication editors and other friends on the recent 15th Anniversary edition of the paper. However, the aforesaid author of this comment at the same time has to admit to one goof—and hopes readers will progress this far to accept an apology for the boo-boo. That was in claiming The Bulletin was the third oldest in the Union Carbide organization. This statement was lifted from the 10th Anniversary edition of five years ago and was intended to imply that The Bulletin was the third oldest publication in Union Carbide's Chemicals Division plants.

Maybe no one—much—read that edition, as the statement was not challenged at that time.

PAPER USE IMMENSE

The United States uses enough wood each year in manufacturing paper to build a bridge of logs to the moon.

Rides Wanted, Offered

Ride wanted from 327 Linden Ave., Knoxville, to North Portal, straight day. M. J. Stubblefield, plant phone 7782, home phone Knoxville 3-4723.

Jack Greer, Partner Third In Contest

Continued from Page 1

land, Ohio. The couple earned their right to compete in the national championships by winning in a regional contest held in Jacksonville.

Young Greer is 19 years old and a senior in the College of Liberal Arts at the University of Tennessee. His Atlanta partner is 17 and a senior in high school there. The Y-12er's son began serious skating competition in 1953 at the Chilhowee Park rink in Knoxville and since then with various partners has won several championships in the South, accumulating about 25 medals.

Win Trophy, Medals

In the national dance competition the teams go through a series of eight dance movements. The Greer-Baker team was awarded a handsome trophy and a medal each for their efforts.

Y-12ers Extend Sympathy To Burkhart Family

Many Y-12 friends of the late Mrs. Helen Burkhart and her husband, Max Burkhart, of the Y-12 Chemical Department, paid their last respects and extended their deep sympathy to members of the families when funeral services for Mrs. Burkhart were held on Thursday afternoon, August 13. Mrs. Burkhart died Tuesday, August 12, at the East Tennessee Tuberculosis Hospital in Knoxville County, following a long illness.

Mrs. Burkhart was with the Oak Ridge National Laboratory Technical Library in the Y-12 Plant Area until she entered Oak Ridge Hospital May 4. She formerly was a Y-12er, being with the plant library until she transferred to ORNL in April, 1954.

Born in Roda, Va., December 30, 1923, she graduated from Big Stone Gap High School. With her parents, Mr. and Mrs. Herman M. Burdette, she came to Oak Ridge in 1945, meeting and marrying her husband here. Her father is in the Operations Department of ORNL.

In addition to her husband and parents, Mrs. Burkhart is survived by an adopted daughter, Sheila, 7; a brother, Earl Burdette, Hartsdale, N.Y.; two sisters, Mrs. Sturm T. Carroll, Oak Ridge; and Mrs. W. E. Foster, Spokane, Wash.; and her grandmother, Mrs. Manda L. Burdette, East Stone Gap, Va.
